Getting to Know You

Prof. Loh
CS6290 - Spring 2007
Handed Out: 10 Jan 2007 (Wed)
Due: 17 Jan 2007 (Wed)

This homework counts for zero points, but it will help me remember you and adjust the course based on your background and interests. You may submit this electronically by just typing the responses in an email and attaching a picture (this is preferred).

1. **Name:**

2. **Photo:**

Please attach or copy a recognizable photo.

3. **Undergraduate Degree:** What is the name of your undergraduate institution, and what degree and major did you earn (e.g., BS in computer science)?

4. **Background (1):**

What relevant *undergraduate* computer organization or architecture courses have you taken? What was the name(s) of the course(s) and what textbook(s) was used?

5. **Background (2):**

Have you taken a similar/equivalent *graduate-level* course elsewhere? If so, where, what was the name of the course, and what textbook was used?

6. **Interests:**

What is your intended specialization area (if any)?
