LinkedList is empty: true

The size is: 0

Linked list:

About to add the first three node using addFirst(data)

... Done. As of now...

LinkedList is empty: false

The size is: 3

Linked list:

Node: I

Node: Love

Node: CS 1316

About to test getFirst()..

The data in the first node is: I

About to test contains(item)..

Contains "Hello": false

Contains the data in the first node: true

About to test set(index, data), using good AND bad inputs

... Done. As of now...

LinkedList is empty: false

The size is: 3

Linked list:

Node: We

Node: Love

Node: Weekends

About to test addNode(index, data), using good AND bad inputs

... Done. As of now...

LinkedList is empty: false

The size is: 5

Linked list:

Node: Yes,

Node: We

Node: All

Node: Love

Node: Weekends

About to test removeNthNode(index) using good AND bad inputs.

...Done. As of now..

LinkedList is empty: false

The size is: 3

Linked list:

Node: We

Node: All

Node: Love
