Undergraduate Research Request Form

Permit for CS 4980- Research Capstone

Instructions for Faculty: The Research Capstone course is a two semester requirement in conjunction with Technical Communications. The student will complete research under your supervision for two semesters and write about the research project in the Technical Communications course to satisfy the capstone and Technical Communications degree requirements.

- Semester 1: CS 4980 (minimum 1 hour) + LMC 3432 (2 hours) = 3 hours
- Semester 2: CS 4980 (minimum 2 hours) + LMC 3431 (1 hour) = 3 hours

Instructions for Students: Complete this form in consultation with the CS faculty member who will be responsible for overseeing your work and assigning your grade. Turn form into the Drop Box located across from CCB 114 prior to Phase 2 registration.

Permit: Once form is received, please allow 48 hours to receive a permit. Once you receive a permit, you are responsible for registering for the course and the designated hours as discussed with your faculty supervisor on this form (minimum 1 hour 1st semester of research and 2 hours 2nd semester of research). Note: An approved permit doesn’t register the student in the course. Research is a variable hour course and will default to one hour unless the student changes the hours before registering for the course.
