Students gain breadth in Computing by taking at least five courses from five different areas of the College.
- Of these five different courses, one must be from the Theory area and one must be from the Systems area.
- Students must earn an A or B in all of these classes, and more A's than B's total.
- Approved breadth courses can be found here: www.cc.gatech.edu/current/doctoral/phdcs/program.
- Attach documentation from the Area Coordinator for any approved exceptions to the published breadth list.
