

Study Abroad Program in **BARCELONA**

Summer 2023: May 13 - July 30

Sponsored by the College of Computing

- * Spend **11 weeks** in a vibrant, cosmopolitan, Mediterranean port city
- * Travel to other European cities over long weekends
- * Program open to **ALL** majors and years; in-state tuition for **ALL** students
- * **Financial aid** and **scholarships** can be applied to tuition and program fee

Choose 4 courses from multidisciplinary options in design, computation, and technology:

- **ARCH 4128** - Barcelona: Architecture, Design, Material Culture (Humanities credit)
- **ARCH 3135** - City Literacy: What Makes Great Cities Great (Social Science credit)
- **CS 2050** - Intro to Discrete Math for CS
- **CS 3750** - Human Computer Interface Design and Evaluation
- **CS 4001** - Computing & Society (Ethics credit)
- **CS 4400** - Intro to Database Systems
- **CS 3251** - Computer Networking I
- **SLS 3110** - Technology and Sustainable Community Development (Ethics credit)

Course offerings subject to change prior to mid-October.
Registration for courses will be permit-only and limited by seat capacities.
All students register for 12 credit hours; rare exceptions on a case-by-case basis only.
As per OIE, students are not allowed to drop a course.
