**Subject:** [cc-undergraduateacademics] Student Alert: Advisor availability during registration

Dear Students,

Welcome to a new semester!

Below is a summary of CS advisors' availability during phase II registration.

**August 14-18** - Advisors will have shorter appointments this week to accommodate the large volume of students with registration questions. **These appointments are not suitable for long-term planning.** Please use the comments area in Advisor Link to add a more detailed reason for all appointments. The comments assist your advisor with preparing for your meeting.

Since advisors will be involved with a new student orientation session on Tuesday, email responses could be delayed. Please be patient as we approach the start of the term.

**August 21-25- Virtual drop-ins only** - Advisors will be available this week (first week of classes) for drop-in sessions only from 9:00 am - noon EST and 1:00 - 4:00 pm EST. These sessions will focus on fall 2023 registration. **They are for short-term planning.** We will send another message with links for those virtual spaces later this week.

Advisors are also available to answer your questions via email. Use the following link to find your assigned advisor: <https://www.cc.gatech.edu/undergraduate-advising-team>

**Accepted BSMS students** should email their assigned BSMS advisor for registration assistance ( [amber.williams@cc.gatech.edu](mailto:amber.williams@cc.gatech.edu) for last names A-M or [Jennifer.seelman@cc.gatech.edu](mailto:Jennifer.seelman@cc.gatech.edu) for last names N-Z). Exception: If you are a fall 2023 degree candidate recently accepted into the program and have questions about your degree audit, contact the advisor who completed your audit. They will assist you through the close of phase II registration.

Longer appointment times will be available beginning on Monday, August 28 via [Advisor Link](#)

Sincerely,

-----  
*Office of Undergraduate Advising  
College of Computing*
