Subject: [cc-undergraduateacademics] Student Alert: Reminder - CoC Registration Day tomorrow (3/14)
Attachments: CoC Registration Week flyer all-1.pdf (275.67 KB), CoC Registration Day Flyer Blue.pdf (43.05 KB)

Dear Students,

It is that time again to prepare for class registration. Summer 2023 and Fall 2023 registration is rapidly approaching.

The College of Computing's advising team has an event designed with you in mind! This is an opportunity for you to ask questions about your registration options. Many departments will be present such as VIP, Create-X, College of Computing Career Advising, and many more. Take advantage of this opportunity before registration officially starts. There will also be College of Computing swag items available. We will look forward to having you at this event!

College of Computing Registration Day 3/14 Tues (11:00am-12:30pm) Exhibition Hall V

See all of this week's registration events in the attached flyers.
