| **Subject:** | [cc-undergraduateacademics] Student Alert: Registration events and deadlines |
| **Attachments:** | CoC Registration Week flyer all-1.pdf (275.67 KB) |

Dear Students,

This email contains the following information:

1. CoC Registration Events
2. Advisor availability for 4/3 - 4/19
3. Upcoming registration dates and deadlines

**Registration Events**

The CoC advising team will host several registration events next week. See the attached flyer for details.

March 14 - CoC Registration day

March 16 - Demystifying Registration

March 14 & 16 - CoC Virtual Registration Sessions

**********************************

**Advisor availability – Shorter sessions and drop-in availability April 3-19**

CS Undergraduate advisors will have shorter appointments as we approach Summer 2023 and Fall 2023 Phase I registration.  During this time, advisors will be available for virtual drop-in appointments on Mondays and Wednesdays, 9-11 am EST and 1-3 pm EST. Students can schedule appointments Tuesdays, Thursdays, and Friday, 9:00-11:00 am EST, and 1:00-4:00 pm EST by visiting **https://advisor.gatech.edu**

Please **use the comments area to add a detailed reason for all appointments** you make. These comments assist your advisor in preparing for your meeting. For virtual appointments, you will receive a follow-up message from your advisor with the video or audio conference instructions if it is not posted in the confirmed appointment. **Advisors are available to answer your questions via email**, so be sure to utilize that option as well.

**Accepted BSMS students** should email the appropriate BSMS advisor (Jen Seelman or Amber Williams) for appointments.

**Who is your advisor? Find out here:** https://www.cc.gatech.edu/undergraduate-advising-team
**********************************
**Upcoming Registration dates and deadlines**

The Summer and Fall 2023 class schedules will be available for viewing on OSCAR on March 22.

**March 15-** Last day to drop individual courses or withdraw from school with "W" grades in all courses for
